

Quick Start Guide - 1. Logging in for the first time

1 Email with User Name and link to click

2. New Password Screen - remember the password that you enter! - you will need it after you click "reset password"!

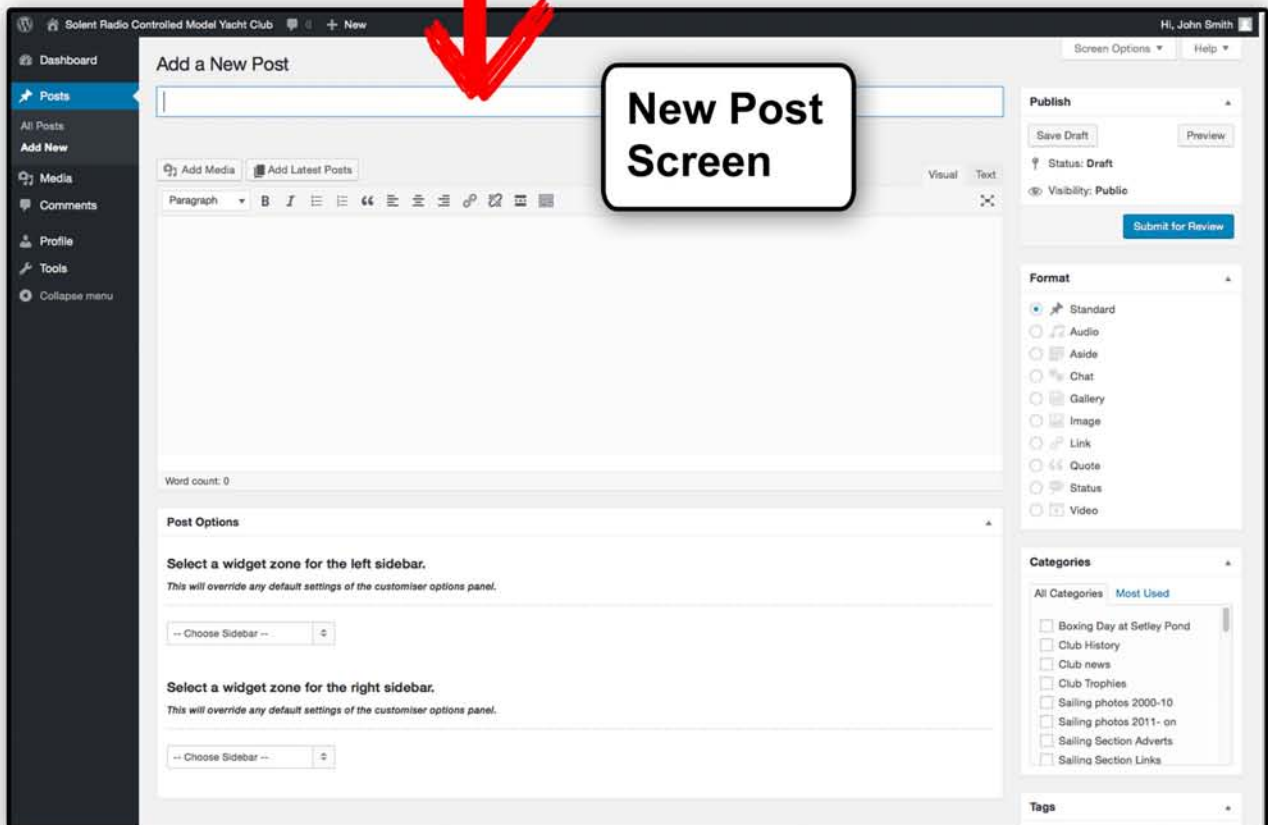

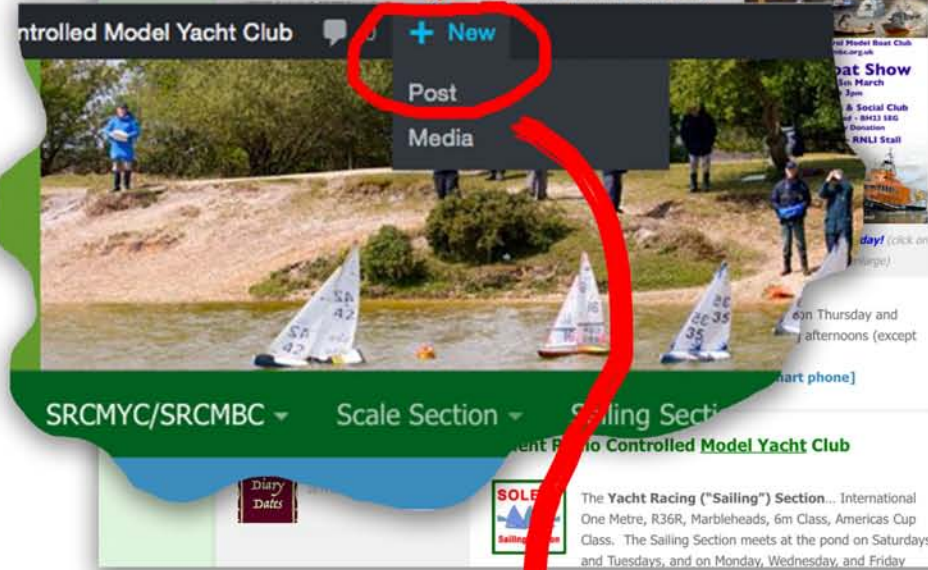

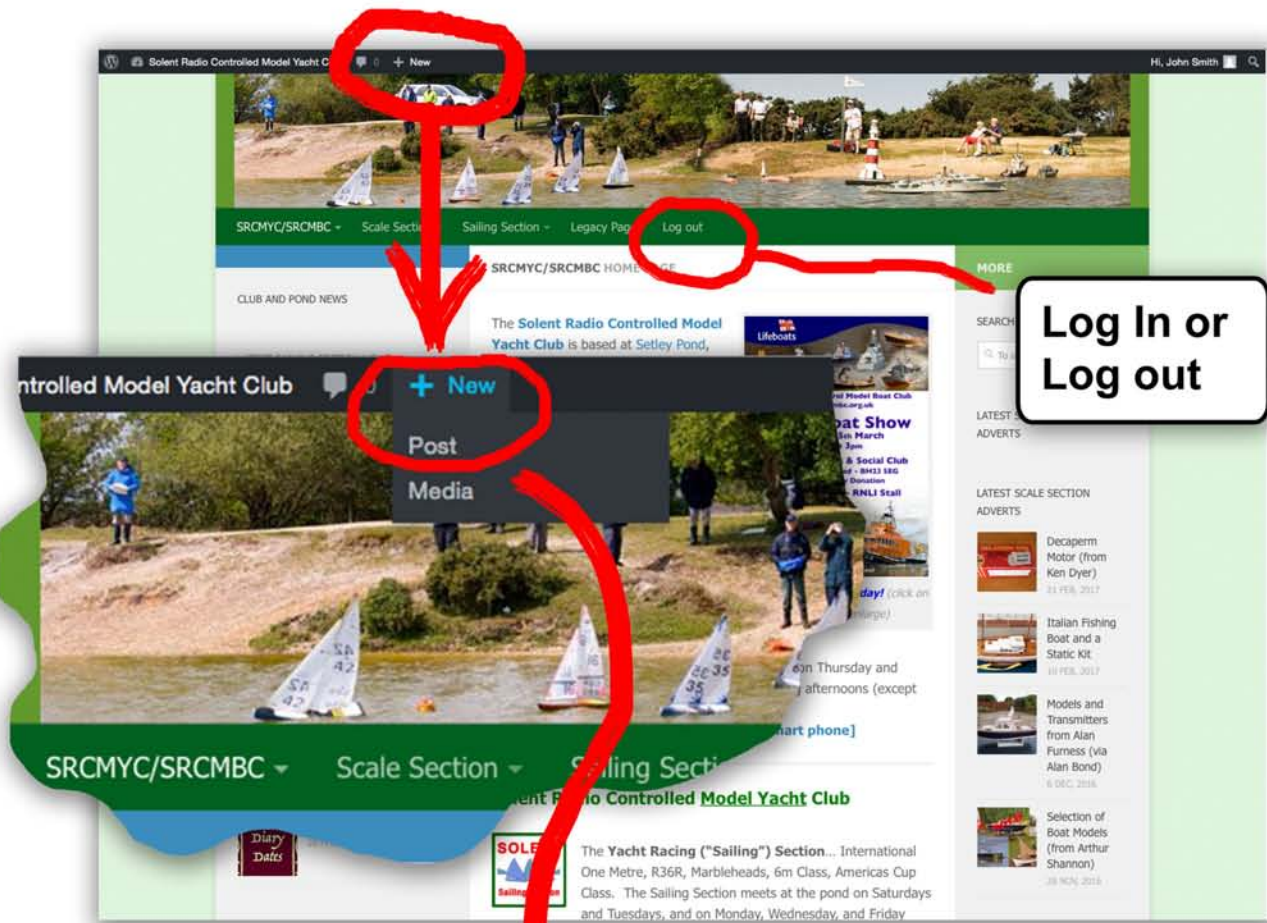

3. Login Screen - if you forget your password the "lost password" link will send you an email to allow you to reset it

4. When you are logged in the Home Screen has a new black bar at the top

Quick Start Guide - 2. Start a New Post

Quick Start Guide - 3. "New Post" Screen

The screenshot shows the 'Add a New Post' interface. A red circle highlights the 'Enter title here' text input field, with a callout box labeled '1. Type Title'. Another red circle highlights the 'Add Media' button in the left sidebar, with a callout box labeled 'Use this button to add photos etc.'. A large red 'X' is drawn over the 'Post Options' and 'Publish' sections on the right side of the screen. A callout box labeled '2. Type your post in this area' points to the main text editor area.

3. Finish by setting the options in the crossed out windows...

(Note that these windows might be to the right or below the post editing area depending on the width of your screen)

Format: choose **"standard"** or choose **"image"** to have your *featured image* at the top of your post

Categories: determines where on the web site your post appears e.g. **"Scale Section News"**, **"Scale Members Models"**, etc. The Editor will check what you choose here anyway!

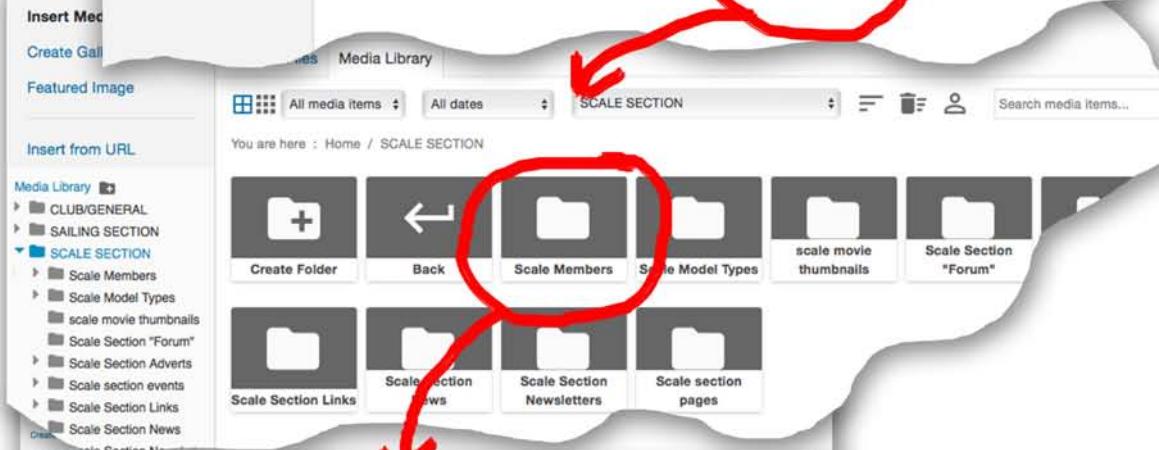

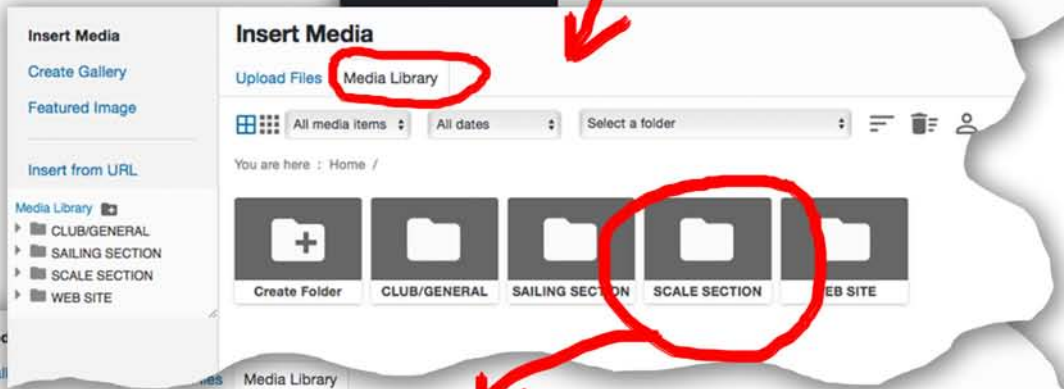

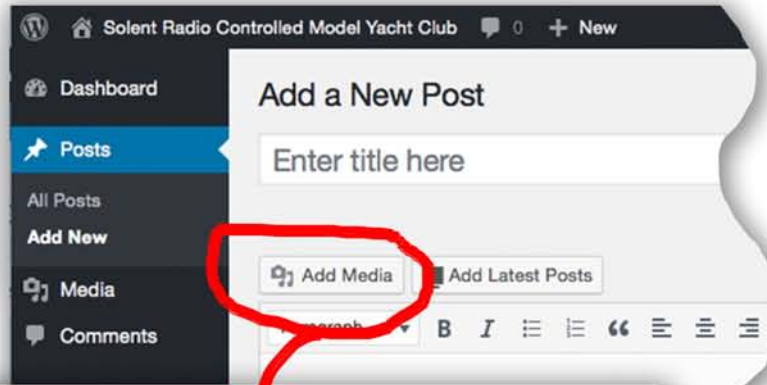

Featured Image: Choose an image to act as a Thumbnail for the post

Post Options: Only the left sidebar is used - choose e.g. **"Scale News left sidebar"**. The Editor will ensure the correct choice has been made!

Publish: choose **"Save Draft"**, or **"Submit"** - that's all there is to it!

Quick Start Guide - 4. Add Media (photos) - part 1

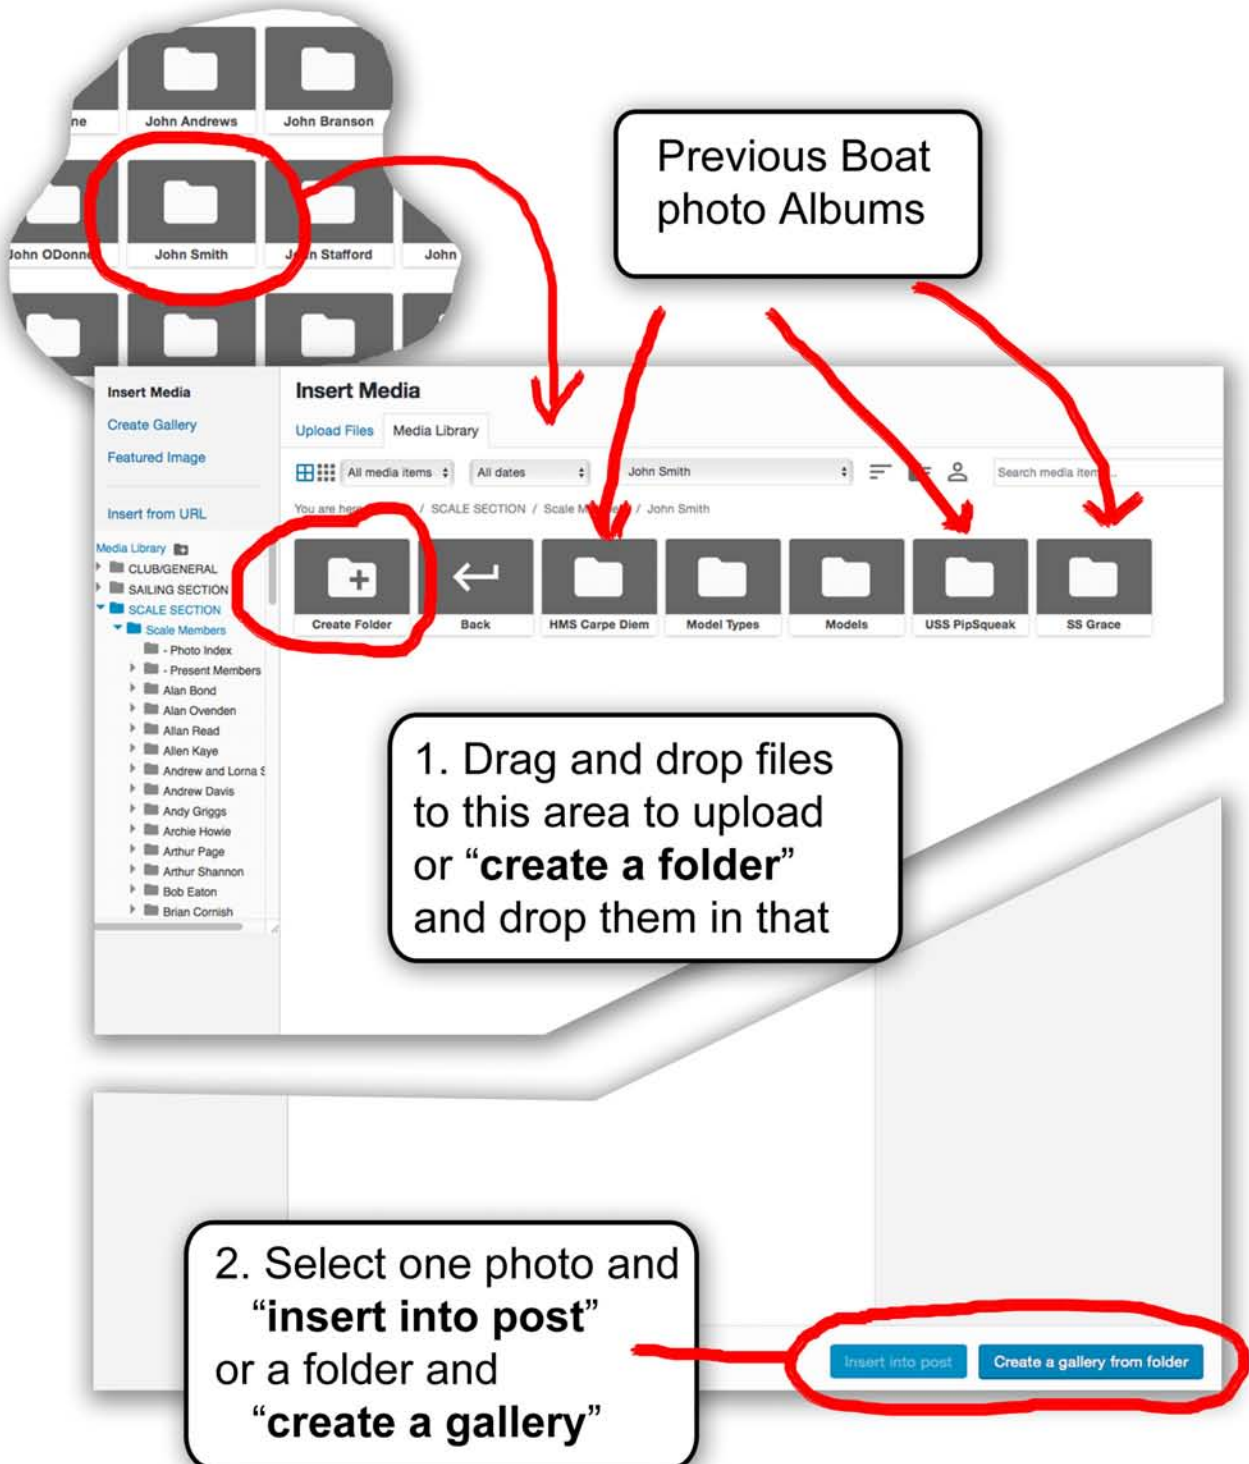

**John Smith's photos
are in folder:
Scale Section >
Scale members >
John Smith**

Quick Start Guide - 5. Add Media (photos) - part 2

Most members (in this case John Smith) will find they already have a number of folders representing boat photo albums inside their folder. They can add photos to the albums, add photos to their main folder, or create new boat folders as seems most appropriate.

Before uploading photos, if at all possible, please resize them so the maximum dimension is 1280 pixels or less (but at least 640 pixels).

The image shows a screenshot of a media management interface. At the top left, a grid of folders is shown with names like 'John Andrews', 'John Branson', 'John O'Donnell', 'John Smith', 'John Stafford', and 'John'. A red circle highlights the 'John Smith' folder, with a red arrow pointing to a text box labeled 'Previous Boat photo Albums'. Below this, the 'Insert Media' interface is shown. A red circle highlights the 'Create Folder' button, with a red arrow pointing to a text box containing the instruction: '1. Drag and drop files to this area to upload or "create a folder" and drop them in that'. The interface also shows a list of folders: 'HMS Carpe Diem', 'Model Types', 'Models', 'USS PipSqueak', and 'SS Grace'. At the bottom right, two buttons are circled in red: 'Insert into post' and 'Create a gallery from folder'. A red arrow points from a text box containing the instruction: '2. Select one photo and "insert into post" or a folder and "create a gallery"'. The interface also shows a search bar and a user profile icon.

Previous Boat photo Albums

1. Drag and drop files to this area to upload or "create a folder" and drop them in that

2. Select one photo and "insert into post" or a folder and "create a gallery"

Quick Start Guide - 6. Create Gallery

1. arrange photos in approximate order required

2. set Gallery Settings for theme, columns and image size as shown, try to avoid a row of one photo so e.g. for 5, 6 or 9 photos choose 3 for 7, 8 or 10 photos choose 4

3. Click "Insert gallery"

Important! Always remember to update your draft or submit your post for publication.

After you submit your post tell Peter Taylor by email!
