

# SOLENT

## **Radio Controlled Model Yacht Club Radio Controlled Model Boat Club**

**[www.srcmbc.org.uk](http://www.srcmbc.org.uk)**

### **Health and Safety Policy Statement.**

The Solent Radio Controlled Model Yacht Club and Solent Radio Controlled Model Yacht Club Scale Section have been formed and are run to provide the enjoyment of model yachts and boats, for enthusiasts of all ages.

The club's Health and Safety Policy is to provide as safe an environment as possible for its members, considering the dangers associated with the sailing water and activities involved in the operation of model boats. The risks involved should be appreciated by both the committee and club members, so procedures have been put in place to ensure both club members and members of the public enjoy model yachts and boats in a safe environment.

The safety measures at the lake are the responsibility of all members and required actions in the completed Risk Assessment should be noted.

Signed on behalf of the: -
